How to Catch an Elf

GIFT BOX TRAP

YOU'LL NEED:
- **An empty tissue box**
- **Wrapping paper or construction paper**
- **Tape**
- **Scissors**
- **Markers or holiday stickers**
- **A popsicle stick**
- **Candy, Elf Biscuits or the colored cookie cut outs**

Wrap your tissue box like it's a present using wrapping paper or construction paper. Cut a hole out of the paper where the hole is in the box. Decorate the box using markers, stickers or anything else you think would attract an elf! Prop the box up by using the popsicle stick (you might need to cut it in half). Lure the elf in by leaving a trail of sweets to the box! Wait for the morning to see if you caught an elf!

CANDY JAR

YOU'LL NEED:
- **A glass jar**
- **Wrapping paper or construction paper**
- **Tape and glue**
- **Scissors**
- **Popsicle sticks**
- **Candy, Elf Biscuits or the colored cookie cut outs**

Wrap the top of your jar in wrapping paper, leave the bottom of the jar un-wrapped so you can see the candy at the bottom. Using the popsicle sticks and glue, create a ladder to lean against the jar. Write a note that says "Holiday Candy" and tape it to the jar. Put sweet treats in the bottom of the jar and wait for your elf to fall in when he tries to get the sweets!

ELF SNATCHER 3000

Use your imagination and create your very own elf cater! Use bottles, paper towel tubes, cups, tape, ribbon, tinsel, glue, string, building block, popsicle sticks, boxes or anything else you think would help you make your very own unique elf trap!
