

LOBSTAH GAHDEN ACTIVITY KIT

ABOUT THE BOOK

A delightfully punny story from the illustrator of *Last Week Tonight with John Oliver Presents A Day in the Life of Marlon Bundo!* Featuring themes about ocean life, conservation, and cooperation that are perfect for sparking conversations in the classroom and at home.

Walter is a proud lobstah whose greatest dream is winning the annual Swell Gahdens contest. But year after year that honor always goes to his chowdah-headed neighbor Milton. One day, when heaps of gahbage start showing up in their yahds, the rival lobstahs must join forces to save their beloved gahdens from the trash floating down from above.

Our oceans are beautiful, colorful, diverse ecosystems that are home to over a million species of underwater creatures. Unfortunately, humans are putting our friends under the sea at risk by polluting Earth's oceans daily. *Lobstah Gahden* will help kids understand the importance of conservation, and bonus material in the back of the book about sea life and pollution will give readers practical ways they can help preserve our oceans.
