

# Hi!

We're **ALPHABET ROCKERS**, a multiracial, intergenerational, two-time **GRAMMY-NOMINATED GROUP** that has been speaking truth to power for over a decade through children's media—music, videos, curriculum, performances... and now BOOKS!

**YOU ARE NOT ALONE** is an empathetic and inclusive picture book that empowers kids to love themselves and their identities, stand up to hate, and to have each others' backs no matter what.

It can be scary to feel like you're all on your own, especially in the face of prejudice. But always remember: you are not alone! Based on the Grammy award nominated hip-hop group Alphabet Rockers' empowering song, "Not Alone," *You Are Not Alone* reminds kids that they always belong.

## THERE IS NO TOPIC WE CAN'T EMBRACE WITH LOVE.

Gender diversity. Police brutality. Standing up to racist words and acts. Our two-time Grammy-nominated hip hop features regular kids doing amazing things. We amplify authentic stories and interrupt the patterns that got us here in order to build the world we all want to see—one beat, one movement, one moment, and one book at a time.

Creators **TOMMY SOULATI SHEPHERD** and **KAITLIN MCGAW** have built Alphabet Rockers as a collective youth artist/activist group and their adult allies, with a vision to create world-changing content across all platforms. Tommy and Kaitlin believe that *You Are Not Alone* will allow parents and kids to learn to get comfortable with the uncomfortable, and to reimagine what is possible.
